CASA ARKATI NURSING HOME

Officially opened on 1st August, 1993, Casa Arkati overlooks the evergreen 'Wied il-Ghasel' valley in Mosta. What makes Mosta an absolute town centre is the world-famous Rotunda. The Parish Church of Santa Marija has the third-largest dome in Europe and the ninth-largest in the world. The Mosta Rotunda stands huge and impressive and has special sentimental significance for the local and Maltese Christians.

Casa Arkati, situated 10 minutes away from the Mosta centre, offers unobstructed views of the historical city of Mdina, Malta's old capital. Those being cared for at Casa Arkati experience a comfortable interior, with spacious communal areas, a beautiful garden area and a wellness centre. Casa Arkati's concept is based upon the philosophy of

"Integrity, Quality and Care". This ensures that the running of our Home is carried out according to the highest possible standards of care. All aspects in the design of each residential room have been considered so that whether our residents are with us for a long period or simply a short stay, they feel comfortable, secure and happy.
